Upon the request from the CTI-CFF Regional Secretariat, the SuFiA-TS will co-support a 3-Day CCA REX, commencing with the CCA 2<sup>nd</sup> Executive Course which focuses on capacity building, and includes sessions on climate change projections in the CT6, understanding resilience and vulnerability, and vulnerability assessments for CCA and case studies. In addition, the CCA REX shall also include a session on gender equality and social inclusion in CCA as an effort to integrate GESI per the CTI-CFF GESI Policy. Next is a workshop on Developing Communication, Education & Public Awareness (CEPA) Strategy for the Action Plan on CCA and the broader RPOA 2.0. Finally, there will be a workshop on Climate Risk Management Planning to develop a draft regional risk management plan for the region and marking the completion of the CCA REX. On day 3 of the event the CCA-TWG Meeting will be conducted concurrently with a Multi-Stakholder Technical Discussion Meeting for non-CCA-TWG focal points.
